# WATER WALL COMBO

Panels can be purchased individually or in a combo

## PANEL SPECIFICATIONS

- Wall frame is constructed of Supaloc zincalume steel, fully water proofed and ready to tile, your choice of 445 stainless steel or rendered border.
- Each wall frame has 1 to 4 mounting brackets for easy mounting to any type of wall.
- Wall frame dimensions are +/- 10mm designed to maximise cuts from standard 300-600mm wide tiles. (It is recommended to brick stack your tiles to create the desirable effect, eg. one cut every second layer).
- Panel height is from ledge (does not include 40mm bottom chute).
- 445 grade stainless steel, (higher corrosion resistance to 316).
- Easy installation

## POND AND WALL PACKAGE (example Combo 4 SS)

- 1 x 2240mm wide 1700mm high complete frame
